Another Cabinet Council Is to Be Held To-day

ASKS FRENCH TO REMAIN

Premier Asquith Waits Decision, He Tells Parliament

London, March 28.—The political situation last night appeared to be unchanged. Another cabinet council is to be held to-day. No official declaration as to the course Field Marshal Sir John French, Chief of the general staff and General Sir John Spencer Ewart, adjutant general of the army forces will take regarding their resignations is expected until after the meeting.

Sir Edward Carson, unionist leader in Ulster, has left Craignavon for London. The continuation of the crisis is attributed to Premier Asquith's reluctance to remove Colonel Seely from the position of secretary of war.

Seely's relinquishment of the portfolio doubtless would satisfy General French and Ewart, Asquith's objection to having him do so seems to indicate internal dissensions in the cabinet itself.

The resignation of Field Marshal and Lieutenant General Ewart not being withdrawn and Premier Asquith, after deferring his statement twice, was able only to announce in the house of commons yesterday afternoon that the government still was awaiting the reply of the army officers to the cabinet's request that they remain in their posts.

The premier said matters in question involved great complexity and difficulty and seemed to the government to require very full consideration. A partial or provisional statement would be unsatisfactory.

Sir John French and Lieutenant General Sir John S. Ewart, the adjutant general of the forces, had intimated a wish to be relieved of their offices. Mr. Asquith said not because of any differences between their views and those of the government as to the conditions under which the army should serve or should be employed in the aid of civil power, but, having issued the memorandum to Brigadier General Gough, they thought this course incumbent upon them. Mr. Asquith then added:

"The government has conveyed to them its wish that, as there is no difference of opinion on any ground or policy, they should not persist in their request, the carrying out of which the government would regard as a serious misfortune to both army and the state. We still are awaiting their final reply."

"These two gallant officers believe that in the circumstances they were justified in believing their action was in accordance with the instructions of the cabinet and that they were transmitting those decisions to the officers concerned."

"It is clear to us and to them that there has been a misconception—a genuine misconception—in regard to the intention and purport of the proceedings in Ireland, out of which these difficulties have arisen."

"To obviate these misconceptions and to observe the possibility of their recur-

## DYSPEPSIA OVERCOME

Tone Up the Stomach with Hood's Sarsaparilla.

When you have dyspepsia, your life is miserable. You have a bad taste in your mouth, a tenderness at the pit of your stomach, a feeling of puffiness, fullness, headache, heartburn, and sometimes nausea.

Dyspepsia is difficult digestion—that is what the word means—and the only way to get rid of it is to give vigor and tone to the stomach and the whole digestive system. Hood's Sarsaparilla, sold by all druggists, is the one medicine which acts on the stomach through the blood and also directly. Its beneficial effects are felt at once. Improvement begins immediately.

Hood's Sarsaparilla purifies the blood, makes the rich red blood that is needed for perfect digestion, and builds up the whole system. Be sure to get Hood's, for no other medicine can take its place.

rence in the future the army council has to-day—Field Marshal Sir John French and Lieutenant General Sir John Ewart being present—unanimously determined to issue a new army order."

## CARDEN CANCELS HIS RETURN TO MEXICO

He May Sail Direct to Rio De Janeiro to Take Up His Post as Minister to Brazil.

London, March 28.—Sir Lionel Carden, British minister to Mexico, yesterday cancelled his booking on board the Mauritania, on which he was to sail from Liverpool to-day for New York on his return to Mexico City. It is understood there is a possibility of Sir Lionel going direct to Rio de Janeiro to take up his post as minister to Brazil, instead of returning to Mexico.

Nothing, however, has been definitely decided as to his future movements. The only statement the foreign office would authorize was that Sir Lionel's passage to New York had been cancelled, and that no date had been fixed for his return to Mexico City.

## MUNICIPAL STORE A FAILURE.

It Does an Average Daily Business of Only \$9.11 in Chicago.

Chicago, March 28.—Chicago's municipal store, where the needy were to purchase supplies at cost, has done a daily average business of \$9.11 since it opened on Feb. 19, according to a statement by the city comptroller's office. Advocates of the enterprise admit that it has not filled any long-felt want. The store does not deliver goods, and a rigid investigation is made of each prospective customer. These are the reasons advanced by Joseph Meyer, county agent, for the lack of a more extensive patronage.

"Many persons would rather trade elsewhere than to be looked up by the county as though they were objects of charity," said Mr. Meyer. "Only persons out of work and not owners of any property are eligible as customers."

## HAD LIVED OVER CENTURY

Mrs. Eliza Littlefield Brown Died Yesterday at Rutland

HAD LIVED 97 YEARS IN THAT COMMUNITY

And She Saw the Place Grow from a Mere Hamlet

Rutland, March 28.—Mrs. Eliza Littlefield Brown, probably Rutland county's oldest resident, died at her home, 38 West street, at the age of 101 years, 6 months and 15 days. She died in the house where more than a half century ago she was led as a bride by the late Oscar Brown. Since her last birthday, September 12, 1913, which she celebrated by entertaining many callers, Mrs. Brown had failed rapidly, the wearing out of life being gradual until the final breath was extinguished.

On September 12, 1814, Eliza L. Brown was born at Andover, this state, and she passed 97 years in Rutland, which she saw grow from a mere hamlet to a thriving city of 15,000 inhabitants. One of 11 children, she was the daughter of Levi and Jemima E. Brown, who came of Massachusetts stock of revolutionary activity. Her grandfather, Alexander Bragg, fought in one of the first battles of the revolution, and an uncle, Simon Littlefield, enlisted when a boy and served eight years in the continental army. He was later a physician at Arlington, this state.

When Mrs. Brown came to Rutland with her parents in 1817 they located on what is now the prize dairy farm of ex-Gov. John A. Mead. Mrs. Brown was a talented musician in her early life and was for years prominent in the choir of the Congregational church, of which she was a member for 85 years. Her only near surviving relative is a step-daughter, Miss Helen E. Brown, with whom she lived.

The funeral will be held at the Congregational church Monday.

## FIXES LIABILITY ON CANAL ZONE

Compensation for Death Resulting in Year Limited to \$5,000.

Washington, March 28.—What is regarded as a model employers' liability law is embodied in an executive order made public yesterday providing for the adjustment of claims arising out of personal injuries to employees on the Panama canal and the Panama railroad.

Under the new order no benefits are to be paid to an employee or his representative if his injury or death is the result of his own intention or his intention to injure some other employee, or if it is brought about by his own intoxication. The total amount of compensation in case of death resulting in one year from the date of injury may not exceed \$5,000. A widow may receive 25 per cent. of the wage of her former husband for a period of eight years, and if she has two dependent children there shall be allowed in addition 10 per cent. for each child.

Permanent total disability is to be compensated at the rate of 75 per cent. of the monthly pay for the first three months and 50 per cent. thereafter for a period of eight years. For temporary disability, the compensation is 75 per cent. for three months and 50 per cent. for periods varying from two to 13 months.

## PUPILS STRUCK BY LIGHTNING.

Twenty Scholars Are Floored by Fierce Bolt.

Sandusky, O., March 28.—Twenty pupils and their teacher were burned and stunned by lightning which struck the school building yesterday. Every pupil was knocked down.

Mel Sheppard, the peerless middle distance runner, has forsaken the ranks in the Irish-American A. C. of New York Sheppard was captain of the team. The rumor was confirmed by Lawson Robertson, trainer for the club. Sheppard will enroll with the Millrose A. A., which is an organization composed of employees of the Wanamaker stores.

One of the most promising youngsters in the Red Sox fold this spring is Everett Scott, the St. Paul find, who has been creating a big sensation in the south by his work in the short field and his hitting. Unless Wagner returns to form within the coming fortnight, it seems quite certain that Scott will fill the regular berth when the league season opens.

Manager Robinson has practically announced his regular players who will start the season. Wheat will be found in left field, Riggert will fill center field and Stenzel will occupy right field. Daubert will be back at first, Cutshaw at second, Egan at short and Smith is homesteaded to hold down third base.

Jimmy Sheppard says: "It's easy to win games if you have a great fielding team and a fast team, providing you have the pitchers, but if you haven't a heavy hitting team you must have the speed boys and the pitchers."

Georgetown university is expected to be represented by one of the fastest nines in years. The squad is being coached by Dannie Cogan, whose name is closely linked with collegiate baseball. McDonald, the former Braves, and Eddie Lennox, the former Dodger, are rival candidates for third base on the Pittsburgh Pirates.
